

Dates set for the St. Petersburg International Economic Forum 2026

The St. Petersburg International Economic Forum will be held **3–6 June 2026**.

As tradition has it, the Forum will be a key platform for dialogue between governments, business and the expert community, where practical solutions will be formulated to promote sustainable growth and strengthen international cooperation.

The results of SPIEF 2025 were a clear demonstration of the Forum's significance: representatives of **144 countries** and territories took part, and **1,116 agreements** worth over **RUB 6.5 trillion** were concluded. Particular attention was paid to the themes of high-tech, infrastructure, energy, the environment, and international partnership.

Saudi Arabia will be the guest country at SPIEF 2026.
